

Central Schools - USD 462
2020-2021 7th - 12th Grade Enrollment Options

Onsite In-Person Instruction - In this option, students will participate in traditional, face-to-face instruction with standard bell times and schedule from 8:00 a.m. - 3:55 p.m. Enhanced health +and safety measures will be in place and required for all students and staff as determined by the national, state, and local guidance and policies.

Remote Learning - In this option, students will participate 100% off campus in full remote learning, receiving instruction from USD 462 staff at no additional enrollment cost. This remote learning program is **not** the same as the continuous learning plan in the spring. Learning will be paced with all students in the classroom through an interactive distance learning (IDL) model, most likely via Zoom. Technology devices will be provided to students, who will engage with classmates and teachers each school day. Students will be required to have internet access at home and be logged on and participating in remote learning from 8:00 a.m. - 3:55 p.m. Parents/guardians, students and teachers will be required to submit a signed daily log of activities. A signed remote learning agreement will be required, with the option to remain in remote learning or return to onsite in-person instruction pending a requested conference with administration and a signed change of contract. Not all course options may be available for middle and high school students. If this option for enrollment is chosen, administration will be in contact with you to go over the remote learning handbook and attendance expectations, sign the remote learning agreement, and answer any questions you may have.

***Students with IEPs** can enroll in any of the options. Students with IEPs will still be offered their appropriate educational services to allow them to be successful in their setting, although some IEP teams may decide on temporary adjustments that are needed while providing services in a remote or virtual environment.
